*Truly sensational, ...
clearly one of the
major works for organ
in our century*
Musical Opinion, 1992

*Astonishingly original,
compelling in structural logic,
exhilarating in performance,
...a stupendous achievement*
The Times, 2001

*Jeremy Filsell's performance was of world class. This could have been an opportunity merely to
stun with his virtuosity; but above the huge mental and physical demands his understanding,
integrity and sensitivity shone through*
Choir & Organ, 1997
